## YACHT-FRAME YF5-10-20

Vermeer Marine offers a range of boat handling equipment like Yacht-Cranes, Transporters and Frames.

Upon request, Vermeer Marine can manufacture Y-Frames to customer requirements. The Y-Frames can carry a wide range of yachts because of the large vertical, horizontal and width adjustment. The height can be adjusted in two stages; large-toothed by means of pin-hole adjustment and fine by means of a spindle. The stabilisers are equipped with soft white rubber pads to achieve a safe support of the ship and to avoid damage to the ship.

A key feature of the Vermeer Y-Frames is the ability to stack the frames up to 10 pieces. This saves a lot of space in the summer. The design makes it possible to lift and transport the Y-Frames with a forklift. In combination with the Vermeer Marine Y-Transporter, the range of frames offers a total solution for transportation and storage of yachts.

### Technical information:

| Model  | 5 tons frame (mm) | 10 tons frame (mm) | 20 tons frame (mm) |
|--|-------------------|--------------------|--------------------|
| A. Total width                                 | 2000              | 2000               | 2000               |
| B. Total length                                | 2000              | 2500               | 3000               |
| C. Width stabilisers (centre to centre)        | 1890              | 1890               | 1890               |
| D. Axial length stabilisers (centre to centre) | 1500              | 2500               | 2500               |
| E. Height stabilisers (Min.)                   | 1230 *            | 1230 *             | 1230 *             |
| F. Height stabilisers max                      | 1680              | 1680               | 1680               |
| G. Angle adjustment stabilisers                | 20 °              | 20 °               | 20 °               |
| H. Width cradle supports                       | 260               | 260                | 180                |
| I. Free height for Yacht-Cradle                | 820               | 820                | 635                |
